

Econova

Bringing sustainable innovation into your home

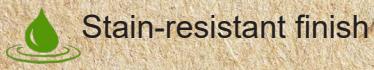

Have you heard about the new eco-friendly concept in table linen?

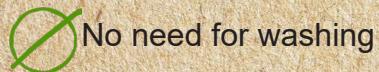

Let us introduce **EcoNova**, our new fabric collection featuring revolutionary technology:

Recycled fabric

Stain-resistant finish

No need for washing

EcoNova is an eco-friendly and innovative fabric that combines:

- ✓ **FLUOR FREE** - Free from fluorocarbons and harsh chemicals
- ✓ **CHLORINE-FREE** - No chlorine used in the production process
- ✓ **FOOD IN TOUCH** - Safe for contact with food, free from heavy metals
- ✓ **HYPOALLERGENIC** - Gentle on your skin, causes no allergic reactions
- ✓ **65% RECYCLED FABRIC** - Giving materials a new life
- ✓ **EASY AND EFFORTLESS MAINTENANCE** - You only need a damp cloth
 - ✗ - No water, soap, or special products required
 - ✗ - No need to wash in a machine

Despite it's easy care, it maintains a natural and elegant appearance.
Functional, beautiful, and practical

Lower environmental impact

Thanks to it's technology, liquids, dirt, and food, residue don't penetrate the fabric...saving time, water, and energy

Ironing? Only if needed—inside out and at low temperature (max. 110 °C)

So, how about we start taking care of our planet—and our time?

With **EcoNova**, all that's left is... to try it!
